Dimensions and Tolerances

Thickness(mm)	20mm	25mm	40mm
Size	1000x1000 mm (1020x1020 mm including borders)		
Tolerances	Width and length $\pm 1,5\%$ Thickness $\pm 5\%$		

Material

Composition	EVA (ethylene vinyl acetate) Foam
Properties	Waterproof Recyclable No Smell Maximum Comfort Shock absorbing Double Sided Ergonomic Easy Installation Easy Maintenance Safe Non-slip
Density	Approx. 80Kg/m3 (+/-10%)
Hardness	Aprox. 40°
Conductivity	Non-Conductive
Hazards identification	It does not contain products classified as toxic and / or hazardous.
Extinction and Decomposition	All extinguishing ways allowed. There are no incompatibilities.
Storage and Packaging	Stackable. Keep away from living flames. Do not heat above 80 ° C. Allows packing with all materials.
Toxicology and ecology	It presents no danger to man and the environment. Biologically inert. Recyclable.
Cleaning	Use a cloth moistened with water. Do not use corrosive products (ammonia, salum ...)
